## FOUR ALLIED ARMIES ON WESTERN FRONT ROLL DEEPER INTO GERMANY UNDER SECURITY BLACKOUT; RUSSIANS HAMMER THROUGH HUNGARY, 10 MILES FROM AUSTRIA

Americans Make Steady Progress in Direction of Leipzig

GAINS ARE TERRIFIC

Montgomery's Troops Are Reported 21 Miles East of Rhine

By International News Service  
At least four Allied armies rolled deeper into Germany today under the cover of a security blackout while Soviet armies hammering through Hungary fought their way to within 10 miles of the Austrian frontier.  
Dispatches from the Western Front strongly indicated that American forces were making steady progress in the direction of Leipzig while British troops were closing in on the key city of Muenster.  
Even with the time-lag, which further confused the German High Command, dispatches from the Western Front disclosed that Lieut. Gen. George S. Patton's 3rd Army and the First Army forces of Lieut. Gen. Courtney H. Hodges were making terrific gains.  
The famed Fourth Armored Division sent a column of tanks toward

Increase Point Values For Peas and Asparagus

WASHINGTON, Mar. 29.—(INS)—The Office of Price Administration today announced increased point values for canned peas and asparagus and reductions for canned sweet cherries, plums, prunes and tomato juice for the ration period beginning April 1.  
OPA said consumer point values for other processed foods during the April period will remain unchanged.  
Point values for the canned goods are: Peas, No. 2 can, 30 points, and asparagus, No. 2 can, 20 points, both up 10 points; sweet cherries, No. 2 1/2 can, 40 points, down 20; plums and prunes, No. 2 1/2 can, 20 points, down 10; tomato juice, No. 2 can, 10 points, down 10, and 40 oz. can, 20 points, down 10.  
OPA also boosted values for pork, lard, shortening, margarine, salad and cooking oils from one to three red points, from April 1 through 28, and indicated that higher meat ration values may be expected in May and June.  
Values for beef, lamb, veal, butter and most rationed cheeses will remain unchanged next month.  
The announcement, which followed the government's disclosure that civilians will get 12 per cent less meat in the second quarter, served to emphasize that the principal shortage will be in pork.

Virginia Ann Sweeney, 6, Celebrates Anniversary

CORNWELLS HEIGHTS, Mar. 29.—A party was given by Mrs. Thomas Kitchenman in honor of her granddaughter Virginia Ann Sweeney's sixth birthday anniversary, at her home here on Saturday. Decorations were green and yellow. Favors were small baskets. Games were enjoyed and refreshments served.  
Those attending: Virginia Ann Wharton, Torresdale Manor; Ruth Eleanor and Robert Smith, Langhorne; Nancy Lee Croll, Andalusia; William and Patricia Law, Jean King; Joan Napolitano, Cornwells Heights.  
Virginia Ann received gifts.

Native of Bristol Dies After Two Woundings

A native of Bristol, Staff Sgt. Sylvester Damiani, Jr., 23, who was twice wounded in action, died on March 2nd, relatives have been advised. The young man, who was born on Pine Grove street, is the nephew of Fred Paone, Third avenue, and Anthony Paone, Dorchester street.  
Telegrams received advised that Sgt. Damiani was wounded in action in Germany on February 27th, and died a few days later. He was the husband of Edelvais Damiani, of Trenton, N. J.  
In the service four years, he went overseas two years ago.  
Damiani had received the Silver Star for outstanding bravery in action. While serving with the 12th Engineers of the 8th Division, 1st Army, while at the front in the Hurtzen Forest, Germany, Sgt. Damiani saw much action. Arriving at a shell-torn village, their colonel decided to try some infantry tactics. Arming themselves with weapons, the engineers started out. Damiani's detail surrounded a house and the sergeant got the first prisoner. Before the day ended the group had bagged 70 prisoners. The deceased had two brothers in the armed forces, Michael and Louis.

Five-Year-Old Boy Has A Jolly Birthday Party

Mr. and Mrs. P. Straffe, Jefferson avenue, gave a party for their son, Fred, on Sunday afternoon. He celebrated his fifth birthday anniversary. Games were played, and for pinning the "tail" on the "donkey," the prize was awarded to Ronald Mucci. Helen Ponzo received a prize for singing.  
Refreshments were served, and decorations were red, white and blue. Favors were small baskets of candy.  
Those present: Patricia Tiberi, Mary Paul, Isabel Ferri, Josephine Nepi, Dolores Ciotti, Helen Ponzo, Lorraine Mucci, Dominick Oriolo, Frank Laperzola, Ronald and Donald Mucci, Richard Nepi, Vincent Di Salvo.

## UP-TO-PRESS-TIME WAR BULLETINS (By International News Service)

### AMERICANS HAVE 120 MILES OF UNBROKEN LINE EAST OF THE RHINE

With the U. S. Third Army—Gen. Patton's Third Army fanned out east of the Rhine today in at least six powerful columns which made gains of up to 19 miles and formed three junctions with the U. S. First Army southeast of Limburg. The junction gave the two armies a 120-mile unbroken line beyond the east bank of the Rhine.  
Two columns of the famed Fourth Armored Division made advances of 19 and eight miles, respectively, reaching positions 10 and 11 miles due east of Giessen while the three contacts with the First Army's Ninth armored division were effected six, nine and 15 miles north of Wiesbaden.  
These link-ups formed a pocket some ten miles square but there was no announcement as to how many Nazis had been trapped by the maneuver. Simultaneously the two spearheads of the Fourth Armored advancing to positions east of Giessen, where gains of up to 35 miles were made in a single day, practically closed a pocket of 20 square miles with corner posts at Coblenz, Giessen, Hanau and Wiesbaden.  
German resistance disintegrated south of Coblenz where the 87th and 89th Infantry Divisions, supported by tanks, pushed east for gains up to 12 miles.  
Meanwhile the Third Army had cleared the fanatic Nazi garrison in Frankfurt from all but the northern outskirts of the city which the Germans, hopelessly flanked, are holding doggedly.  
Hundreds of civilian refugees were sighted fleeing with these troops east of Giessen along the Lahn river.

### MAKE FIRST LOAN TO DISCHARGED VETERAN

Wilbur J. Rogers, Jr., and Wife Buy Property On Fleetwings Drive

### THROUGH LOCAL ASS'N

The first mortgage and loan for the purchase of a home made to a discharged serviceman in Lower Bucks County was closed today, according to a statement by Hugh B. Eastburn, secretary of the First Federal Savings & Loan Association of Bucks County. The loan was for the purchase of a home at No. 51 Fleetwings Drive, Bristol Township, by Wilbur Jackson Rogers, Jr., and Lillian Rogers, his wife. Mr. Rogers was discharged from the United States Navy on March 10th, 1943, has been living near Trenton, N. J., since his discharge, and is employed at Robertson Manufacturing Company, Morrisville.  
This loan was made under terms of the Servicemen's Readjustment Act of 1944, is guaranteed by the United States Government to the extent of \$2,000, and carries a 4% interest rate with principal and interest payable monthly so that the whole mortgage will be paid at the end of 15 years.  
Mr. Eastburn also states that the

### THE GREAT GAME OF POLITICS

By FRANK R. KENT  
(Distributed by McNaught Syndicate, Inc.)

Twice In The Same Place  
Washington, March 29. IT seems incredible that in more than three years of the greatest and grimmest war in all history this country should have evolved no labor policy of any kind. Yet such is the undeniable fact. The reasons are equally undeniable.

BOILED down, these can be briefly stated as follows: The President of the United States, politically linked with the labor bosses, has not only failed to initiate any restrictive labor legislation but personally has blocked every effort to do so. Quite clearly he has been afraid to move in that direction lest he lose the supposedly indispensable labor political support. The heads of the Army and Navy have resented the situation thus created and suffered under it. But they have been unable to do anything about it. Actually, they have been forced by White House pressure to write congratulatory

letters to labor leaders which they knew to be wholly unjustified and of which they felt wholly ashamed.  
—O—  
AS THEY look back over the three years of strikes, walkouts and slow-downs, and compute the many millions of man hours thus lost in war production (particularly in this last year when more strikes were recorded than in any previous year of war or peace), the opinion of many is that if there had been a strong and independent man at the head of the Government, able fearlessly to grapple with labor problems, this war could have been shortened and lives saved. This is a severe indictment both of the President and of organized labor. But it is borne out by the facts which, despite the efforts to obscure them by the combined publicity machines of the labor unions and the Administration, are clearly recognizable to all save the most prejudiced view.  
—O—  
AND now, as a climax, for the second time in less than two years, a labor-government face is about to be perpetrated upon the American people, which seems to mock their intelligence and, certainly, justifies speculation as to whether there is a limit to their gullibility. This

### Easter Affairs Planned At The "Little Beaver"

Two basketball games were played on Sunday on the Rohm & Haas court. The rivals were Rohm & Haas and Fleetwings.  
Proceeds were donated to the Little Beaver Canteen. Other recent donations are: Ladies' Auxiliary of Bristol Fire Co., No. 1, \$42.50; and Joseph A. Schumacher Post, V. F. W., Croydon, \$5.  
On March 31st, an Easter party will be held for the 13 to 14 year age group. The evening will follow a program of special events, which have been organized by the Junior Council. Walter Rosser is in charge of this new council for the younger group. For the 15 to 19 year age group an Easter dance has been planned for April 2nd. The entire upstairs section will be used for dancing only. Admission will be as usual with refreshments "on the house." Music will be provided by the Jive Bombers of Fleetwingers, Inc.  
"The Little Beaver" now opens at 7:30 p. m. instead of seven. It will be closed on Good Friday.

### Committed To Prison; Shot At His Wife

DOYLESTOWN, Mar. 29.—Emanuel Sherman, 40, of Upper Black Eddy, who shot at his estranged wife with a shot gun last Saturday night but missed her, was committed to the Bucks County Prison yesterday in default of \$2,000 bail, at a hearing before Justice of the Peace Russell Ferris, at Ottsville. He is being held on a charge of assault and battery with intent to kill.  
Sherman was arrested by State Police of the Doylestown substation after he had fired a shot at his wife as she was entering her home about 1 o'clock in the morning. After the shot was fired, Mrs. Sherman went to the home of a friend. When the police arrived at the woman's house they found Sherman inside, with the shotgun, reloaded, in his hand.

### Passover Being Marked By Jews of The World

The festival of Passover, commemorating the deliverance of the ancient Hebrews from bondage in Egypt, was ushered in at sundown yesterday by Jews all over the world.  
After religious services, Sedars or ritual feasts were held in the homes of the devout. Passover is observed for one week by reform Jews and for eight by the orthodox. During this period the religious eat matzoth or unleavened bread to recall the hardships of their ancestors during the exodus.  
The 266 Jewish chaplains with the armed forces conducted services in various posts of the globe last night. In Germany, American soldiers of the Jewish faith attended the first formal Passover observances there since 1933. Matzoth and wine for the festivals had been shipped to Germany and to all other fronts by the National Jewish Welfare Board.  
The Rhineland Castle in which Reichsfuehrer Adolf Hitler conferred with the late Neville Chamberlain at their pre-Munich conference in 1938 was the scene last night of a Sedar broadcast to the United States.  
Mrs. John Ellis, Bristol Terrace, visited Mr. and Mrs. Ronald Snyder, Bethlehem, over the week-end.

### FUTURE OF AMERICAN INDUSTRY

The last year has seen several false starts in the task of preparing this nation for the struggle for markets which will follow the end of the present war.  
Last Spring the Roosevelt administration, largely guided by the army point of view, was bound to a "win the war first" policy concerning post-war industry.  
During the summer and early fall members of the White House family like Nelson and Byrnes offered plans for gradual reconversion, to start before the end of hostilities, and because of the political needs of the New Dealers in the Presidential campaign some starts were made in resumption of civilian goods manufacture.  
Once the election was over, all this was scrapped, on the pretext of the German Breakthrough. Today the nation is farther than ever from being prepared for peacetime industrial competition with other nations of the world.  
New complications, such as the so-called "program" of Wallace for 60,000,000 jobs, efforts to set up a credit trust through RFC, and further fumbling with currency and national credit, have demoralized the spirit of free enterprise which under proper guidance could cause a quick and efficient reconversion of industry to the purposes of peace.  
Government controls of every phase of industry—manpower, materials, money and markets—continue to spread in scope and rigidity.  
Meanwhile the Roosevelt-Hull experiment in free trade through the Reciprocal Trade Agreements continues, and permission to extend this experiment is about to be sought from Congress.  
This experiment, like that of President Wilson, will meet its Armageddon when peace releases enough shipping to permit the other nations of the world to take advantage of the fact that the tariff protections of American industry have been largely destroyed.  
The insistence of President Roosevelt on tearing down tariff protections and throwing American farmers and working people into lopsided competition with subsidized, slave and underpaid labor abroad is all the more remarkable because other nations have made it clear that they expect to protect their own wage-earners and producers.  
The trend in England is for still closer protection of British industries in the future—not only through tariffs but by direct limits on certain imports and by special and exclusive agreements on the "most favored nation" basis.  
Latin American nations made it emphatically clear during the Capultepec conference that they are going to

### APPOINTMENTS URGED CONGREGATIONS JOIN

"Are you a GAPSAL?" This is the question that is going the rounds at present. And many are seeking membership in this exclusive club, the name of which is taken from the first letters of the slogan "Give A Pint And Save A Life."  
And anyone who gives a pint of blood through the Red Cross becomes a member of that honored fraternity and hence a "GAPSAL."  
The Blood Donors unit will be at Bristol Methodist Church on the 4th and 5th of April. Those desiring to donate are asked to telephone Bristol 2920 for appointment.

### LATEST NEWS BULLETINS

Paris—Dispatches from the 21st Army Group headquarters disclosed that the British, Canadian and American forces in Field Marshal Montgomery's command were stepping up the pace of their slashing advance. A spokesman at Supreme Headquarters said the advance was so rapid that identification of new points seized would be of value to the Germans who have become confused by the lightning penetration of their positions. Field Marshal Albert Kesselring was switching troops from Holland to the Emmerich sector of the Rhine front where Canadian troops met elements of the 34th German Infantry Division.  
The struggle in and around Emmerich still was extremely bitter.

### WHAT OUR BOYS ARE DOING TO WIN THE WAR

John B. Walterick, 29, husband of Evelyn S. Walterick, Fallington avenue, Tullytown, Pa., was graduated recently from the Naval Training School (Electric) at the St. Louis, Missouri, Naval Armory.  
He is now awaiting further duty orders to sea or to some shore station where his training will help him earn the petty officer rate of electrician's mate third class.  
Selection to attend the school was made on the basis of his recruit training aptitude test scores. The completed course of study included the practical use of electrical tools, soldering, wiring, diagramming and repairing of telephone circuits. A theoretical phase included principles of electricity and magnetism.

## PHILCO WILL DO EXPORT PACKING WORK AT CROYDON

Includes Spare Parts for Radio and Electronic Equipment

OPERATIONS SOON

Will Use Bldg. Formerly Occupied by Hunter Corporation

CROYDON, Mar. 29.—To take care of the export packing of spare parts for radio and electronic equipment made in its Philadelphia plants for the Army and Navy, Philco Corporation has leased the facilities formerly occupied by the Hunter Manufacturing Company here, and expects to begin operations early next month, it was announced today by John Ballantyne, president.  
Export or combat packing of radio and electronic equipment intended for overseas shipment includes moisture- and water-proofing of the containers. This work has previously been handled in the Company's Philadelphia plants, but due to its present large proportions, it has been necessary to obtain these additional facilities in Croydon.  
Approximately 200 employees will be required for the work at Croydon, which will be under the supervision of Thomas Brown. New employees are already being hired and trained, and operations will get under way April 2nd.  
The Croydon plant is one of a large number of plants of the Philco Corporation, the largest producer of radios in peace-time and a leading factor in the refrigeration industry, whose energies have been devoted to the war effort for the past three years. Philco plants are located in Philadelphia, in Chicago, Ill.; Sandusky, Ohio; Trenton, N. J.; Watsonville, Pa.; and Belvidere, N. J.

### RAISE RATION POINTS ON PORK AND MARGARINE

WASHINGTON, Mar. 29.—Users of margarine as a substitute for point-high butter and connoisseurs of pork and its products today were told they'd have to give up more ration points beginning this Sunday, Easter Day.  
The OPA raised the red point values for margarine from five to eight and those for pork and its products one to two points.  
Point values for butter and all cuts of beef, lamb and veal remained unchanged, as did those for most cheeses.  
Observers here recalled that packers this week told Congressional investigators they have been forced to curtail output of pork, from which they previously made their profit, because they have lost money on its since last August.  
The Senate Agriculture Committee, investigating the civilian meat shortage, today sent back to OPA the packers' demands for a "small, reasonable profit." No suggestion was offered for a solution.

### FIFTEEN MORE YEARS

By repeating again the fact  
that the life expectancy of Amer-  
icans has increased 15 years—  
from 50 years to 65 years—since  
1900, the surgeon general of the  
United States Public Health  
Service has invited speculation on  
one of the most powerful, but  
least understood, currents in  
American life.

The increasing proportion of  
older people has presented new  
problems. The big problem, of  
course, is the support of this age  
group in fair contentment. Those  
among them who have accumu-  
lated what is called a competence  
—an assured living income—are  
no problem. Those who are not  
in this class but come under the  
Federal annuity plan, are hardly  
a serious problem. But there re-  
mains a large group of elders who  
feel that they are unjustly denied  
employment solely because of  
arbitrary age restrictions, or are  
forced into unemployment in re-  
turn for a grant of age assistance.

The political power of these  
older citizens is being felt, but not  
correctly analyzed. Ostensibly  
they are the power behind such  
campaigns as that for the Town-  
send plan. They are the leaders,  
but they command a lot of votes  
of younger people who would  
benefit both by the spending of  
the elders and by relief from an  
obligation to support the older  
members of their family.

Already the welfare appropria-  
tions voted for the care of elder  
people rival the spending for pub-  
lic school education. But more  
discussion of principle is not go-  
ing to persuade the elders to vote  
against what they regard as their  
own self-interest. They are going  
to vote tax money into their pock-  
ets until their right to earn a liv-  
ing at useful employment is re-  
spected. Some gainful work for  
them must be found.

### RAW MATERIALS

The postwar situation is des-  
tined to be complicated by the  
problem of raw materials. Staples  
which are being conserved to  
avoid a scarcity during wartime  
may become too plentiful in days  
of peace. This might have a de-  
pressing effect on prices and on  
imports.

The United States, at the  
Mexico City conference, tacitly  
promised Latin-American nations  
that postwar stockpiles of raw  
materials would be disposed of in  
a manner that would not be in-  
imical to their interests. The Army  
and Navy Munitions Board is re-  
ported to favor freeing all sur-  
pluses left on hand when peace  
comes. As for oil, there is ad-  
vocacy that 1,000,000,000 barrels  
be imported, to be held as a future  
reserve.

Supplies of raw materials have  
been obtained at the cost of de-  
pleted reserves. For this reason  
future production will entail  
higher price levels, because of in-  
accessibility. It's a problem that  
will be solved more quickly if the  
law of supply and demand re-  
places government controls and  
directives.

Japs say they expect Germany  
to win the war, when until now  
it had been thought Japs expected  
to win it.

## THE GREAT GAME OF POLITICS

By FRANK R. KENT

Continued from Page One

farce is staged under the so-called  
Connally-Smith anti-strike law  
which, passed over Mr. Roosevelt's  
veto, is as absurd as it is inade-  
quate. Under this law, the National  
Labor Relations Board began yes-  
terday (Wednesday, March 28) to  
conduct an election at the mines  
among the nation's soft-coal miners  
as to whether they want to strike  
as a means of gaining their de-  
mands from the operators. Last  
year, in a similar election, 323 of  
the 381 areas where the votes were  
taken voted in favor of a strike.  
The Government then took over the  
mines, negotiations followed and,  
ultimately, the miners got nearly  
all they asked, the operators and  
the public paying the bill.

NO ONE doubts that the forthcom-  
ing election will result in the same  
overwhelming pro-strike majority  
and that the ensuing consequences  
will be similar to those of 1944.  
Thus, we have the amazing spec-  
tacle of the Government spending  
hundreds of thousands of the peo-  
ple's money to conduct and super-  
vise an election which, it well  
knows in advance, will decide heav-  
ily in favor of a strike essentially  
against the Government itself—and  
which, if the Government does not  
step in, would cripple our war ma-  
chine at home and cost the lives of  
American soldiers abroad. The  
Government pays the expenses of  
an election to obtain from the min-  
ers a decision to strike against the  
Government. Then, the Government  
takes over the mines, arranges, by  
devious devices, to give the strikers  
what they want, turns the mines  
back to the owners, permitting the  
latter to raise the price of coal to  
the public in order that they may  
continue to make a profit.

THUS, twice in fifteen months, the  
people are given a "run-around" by  
the Government and the union.  
Twice they are played for suckers  
by the same groups in the same  
way. Neither the stage, the scenery,  
the performers or the audience is  
changed. Only the price goes up.  
One would not think this game  
could be played twice without  
trouble. But there seems no ques-  
tion that it will be. Looked at  
squarely, it is an almost unbeliev-  
able performance. It reflects dis-  
credit on the miners for what is a  
raw hold-up of the Government in  
the war's most critical period. It  
reflects discredit on the Adminis-  
tration because of its cowardly and  
feeble attitude toward recalcitrant

rebellious and greedy labor unions.  
It reflects discredit upon Congress  
for not having enacted an adequate  
law, despite Mr. Roosevelt's oppo-  
sition. And it reflects discredit  
upon the people for their tolerance  
toward such weakness in the White  
House and such arrogance by the  
labor bosses.

IT HAS been said that when the

war is over and the soldiers return  
there will be a great and unfavor-  
able public reaction against organ-  
ized labor. If that proves true—  
and it easily may, if the truth gets  
home—it will be partly the fault of  
labor's own leaders and partly the  
fault of the pusillanimous poli-  
ticians who have coddled them at  
the expense of the national inter-  
ests and the war effort.

## FUTURE OF AMERICAN INDUSTRY

Continued From Page One

block the importing into those countries of goods which  
compete with their own productions.

Such examples of the protectionist spirit abroad are  
numerous.

America, which is carrying the ball in two great  
theatres of the war—the Western Front and the Pacific—  
is almost alone of the Allies in having made no start at  
reconversion.

We not only have frozen reconversion, but we are  
further straining national credit to help our future rival  
nations set up the plants with which they hope to compete  
with us.

Russia, so deeply indebted to us for the help of our  
lend-lease, is making use of our generosity to speed up  
the rebuilding of the newly delivered areas in Eastern  
Europe as well as other great territories in Northern and  
Eastern Russia.

Busy as Russia is with the war with Germany, she  
is not too busy to be opening up vast new iron and coal  
fields, to put in large new power systems, to extend and  
co-ordinate her railways—and to build immense new in-  
dustrial plants.

France recently was granted a two and a half billion  
dollar lend-lease credit, the greater part of which is direct-  
ly or indirectly intended to help de Gaulle set up a new  
industrialized nation.

Our American dollars are to rebuild French railway  
systems, merchant navy, and even whole industrial plants.

Meanwhile, hard-pressed as France may be for the  
essentials of life itself, the government is diverting many  
supposedly essential war materials into civilian goods for  
export trade. For example, a share of France's slender  
supply of raw alcohol was recently allotted to the manu-  
facture of perfume.

It is all very well for the Roosevelt administration to  
go on talking about 60,000,000 post-war jobs.

Those jobs can come only from one of two sources  
—from the government, at the expense of our dwindling  
national credit, or from private industry.

Sixty million workers will need a market for their  
output.

If someone else beats them to the market, their jobs  
won't last long.

## Attention!

## All Rohm & Haas Production Workers:

The Lower Bucks County C. I. O. Industrial  
Union Council and its affiliated Local Unions, repre-  
senting over 10,000 CIO members, urge each of  
you to

Vote "YES"

in the Run-Off Election which will be held at your  
plant

March 30th

By Voting "YES," You Can:

1. Improve and maintain your wages and working conditions.
2. Obtain genuine seniority rights that will give you job security now and in the post-war period.
3. Present grievances through your elected representatives without fear of reprisals.
4. Eliminate discrimination against any employee because of their race, creed, color, sex or age.
5. Guarantee full production to win the war and to provide full employment in the post-war period.
6. Establish sound harmonious labor relations and put an end to confusion, favoritism and double-dealing.

This is your golden opportunity to build a strong  
CIO Industrial Union at your plant.

Be Right! Vote Right! Vote "Yes"

Have Signified Their  
Intentions of Joining  
The Group

### THE NEW NINES

Next Meeting Scheduled  
Wednesday Night  
at Ann's Club House

Bristol Suburban League is two more teams to complete a roster of six. Four teams have signified their intentions of joining this season at a meeting of the St. Ann's A. A. club last night. If unable to procure other two teams, it is to operate with four clubs, and their representatives were: Diamond, Joseph (St. Ann's A. A.), John Rohm and Haas, Anthony Schuette and Koerting, Joe John McIntyre, and An-Fano. It was also announced that Frank Brown would be the Schuette and Koerting and that their home games be played on the Echo Beach Cornwells Heights. Mr. Diamanti and Castor were elected to get applicants for the league. The Voltz-Texaco team, winners of last season, has entered the Industrial League, and will play in that circuit. The next meeting of the loop will be next Wednesday night in Ann's club-house. At that time all franchises must be posted.

of churches in this area. The services are so arranged for worshippers they may enter at certain periods and leave at certain intervals if their time is limited.

Such a service is planned for St. James' Episcopal Church, Walnut street, with Bristol clergymen participating. The service will continue from 12 noon until three o'clock. At this union service there will be meditations on the seven last "words" of Christ. There will be meditation by the rector.

the Rev. George E. Boswell; and the following "words" will be meditated upon by the following clergymen: "Father, forgive them; for they know not what they do," the Rev. L. L. Clark (First Baptist); "Today shalt thou be with me in paradise," the Rev. W. E. Preston Haas (Bristol Methodist); "Woman, behold thy Son; Son behold Thy mother," the Rev. Robert Lange (Harrison Methodist); "My God, My God, why hast Thou forsaken me," the Rev. Edward G. Yeomans (Bristol Presbyterian); "I Thirst," the Rev. Mr. Clark; "It is Finished," the Rev. Mr. Haas; "Father, into Thy hands I commend My Spirit," the Rev. Mr. Boswell. Silent prayer and tolling of the church bell will precede the closing hymn.

At St. Ann's R. C. Church tomorrow will be Mass of the Pre-Sanctified at nine a. m.; stations of the cross and adoration of the true cross at 3.30 and 7.30 p. m.

In St. Mark's R. C. Church tomorrow there is arranged: 8.30 a. m., Mass of the Pre-Sanctified followed by adoration of the relic of the true cross; two p. m., service in honor of the seven last "words," followed by stations of the cross and adoration of the true cross; 7.45 p. m., reading of the Passion and stations of the cross.

Other Bristol services are listed as follows:

Calvary Baptist Church, eight p. m., service, with "Jack" Harvey as guest soloist, message by the Rev. Lehman Strauss, pastor, "A Work Well Done," followed by the Lord's Supper.

## War Mothers Arrange For Visits To Two Hospitals

At the meeting of American War Mothers, Bristol Chapter, on Tuesday evening, Mrs. John Fraser was elected first vice president. The presiding officer was Mrs. Robert Moss, Sr.

Mrs. Benjamin Ernest was welcomed as a new member. Birthday greetings were extended to Mrs. Hettie Ayers.

A card party is planned for April 2nd in the Bracken Post home, the hour being eight o'clock.

A number of the mothers will visit Phila. Naval Hospital on April 2nd, and the Valley Forge Hospital the week following. A patch-work quilt is being made, and will be presented to one of the patients.

A covered dish luncheon was enjoyed, Mrs. Harry Goheen being chairman of the committee. In charge, Mrs. Paul White asked the blessing. As the group sang "God Bless America," Mrs. Elwood Knight served as pianist.

### Today's Quiet Moment

By Rev. Paul R. Ronge, B. D.  
Pastor of  
Zion Lutheran Church

Merciful Father, we humbly and devoutly thank Thee for Thy goodness and tender mercy, which Thou hast manifested towards us in the redemption effected for us through Jesus Christ, Thy Son, our Redeemer, by patiently bearing the shameful persecution of His enemies, when with cruel scorn they mocked and spitefully entreated Him, crowning Him with thorns and nailing Him to the cross.

Grant that we may faithfully receive the ordinances of Thy Church and receive from Thee the blessing which Thou hast promised. Enable us faithfully and devoutly to receive the Holy Sacrament of the Body and Blood of Christ, and draw near to Thee. We thank Thee for giving us, the wonderful Sacrament as a lasting memorial of Thy Passion. Grant as we use it, that the fruits of Thy redemption may continually be manifest in us. Thou, who livest and reignest ever one God, world without end. Amen.

Miss Gladys Hewitt, Beaver street, left Wednesday for her home at Spring Glen, Conn., where she will spend the Easter holiday with her parents.

## Faith Clarke's SHOPPING TIPS FOR BUDGETEERS

THEY GO 'ROUND: A pound of "miniature" chocolates will go much farther than those of average size. They're especially practical where one has company, kids, or the dieting habit. Personally I'm addicted to the extra good little "Chatham" chocolate. Another good buy is the Snellenburg two-pound box of "Helen Harrison" chocolates and bonbons (average size) at \$1.50. Shop for these candies personally, if you would have them in time for Easter. (1st fl.)

GARDEN GIFTS for Easter—what could be more appropriate? A gardener, male or female, will go into ecstasies over the receipt of a packaged set of five, carefully selected rosebushes. The Snellenburg outside "plant market" now has its famous annual assortment of sets A, B, C, D. For example set A includes a two-tone red and yellow Talsman, a red Etolle de Hollande, a white Kalsorin, a yellow Mrs. E. P. Thom, and a pink Editor McFarland. It's as early as Easter you're wanting the bushes for, come personally to select a set to carry away! \$2.69 a set!

IDEAL BLOUSE for suit-wear is a white long-sleeved rayon sheer with tied wristbands and softly full tied neckband. The lovely material has a fascinating shadow stripe, seen only upon second glance. Altogether the blouse is a charming model, and the price is but \$3.98. Sizes 32 to 38. In case you're not familiar with the department where you can obtain the blouse—the Snellenburg Sportswear Dept.—give a good look at its entire Blouse Bar. You'll want to put that Bar on your permanent shopping list. Whenever there's anything new and good, that Bar will have it. (2nd fl.)

A NEW SIZE! Ask for the new Snellenburg Precision-Fit dresses—if you're five foot four and under. Darling dresses for the shorter girl or woman, with waistline at the proper mid-level and with sleeves and skirt accordingly to scale. This means few if any alterations. I saw two particularly charming spring models in prints and plain rayon crepes. These new modified sizes come from 14 to 20. Only \$9.95. (2nd fl.)

# MULHOLLAND TO BEGIN 44TH YEAR IN BASEBALL CIRCLES

Bristol's Veteran Baseball Manager to Direct Fleetwings IX This Season

IN TRENTON LEAGUE

Voltz-Texaco Will Also Join The New Jersey Circuit

Johnny Mulholland, veteran Bristol baseball manager, is starting his forty-fourth year as a director of a diamond unit by managing the Fleetwings nine in the Trenton Industrial League. Another Bristol entry in the circuit is the Voltz-Texaco team which will be led by George Daugherty.

Mulholland issued a call for candidates at Fleetwings this week and approximately 60 huskies answered the request. The initial drill was spent knocking out flies, hitting grounders and working the kinks out. Mulholland was assisted by Lou Fine, Walt Forrest and Andy Haffenrath on the coaching lines.

Fleetwings has several promising "name" players and expects to pick up some additional talent from the newcomers. Bill Fine may play first when he isn't twirling and Harbetta and Joe Lukens are second basemen. Dawson and Carnevale are working out at shortstop, while third base is to be filled.

In the outer garden Klaplack, McDevitt, Chickaletti, Hersberger and Dooley are avowed candidates already. Berths on the pitching staff are being sought by Fine, Quigg, formerly of Roebbing's, Tindie, Radoff and Donald. Catching prospects are Walsh and Mitchell, the latter a holdover from last year.

Jack Shultz, ace pitcher last year for the Wilmington Blue Rocks of the class B Inter-State League, left the plant this week under the new NRC ruling to start training with the club. Previous to the labor ruling he had intended to remain in war work. This robs the Arrows of an outstanding moundman.

Mulholland and Fred Leyden represented Fleetwings at the league's organization meeting.

while Voltz-Texaco was represented by Paul Voltz and George Daugherty. The six teams composing the loop are: Prison Officers, American Steel, Roebblings, Eastern Aircraft, Fleetwings and Voltz-Texaco.

## Plenty of Eggs For Easter; Ham Scarce

HARRISBURG, Mar. 29.—While there will be plenty of eggs for everyone for Easter, ham to go with them for Easter Sunday morning breakfast will be scarce as hen's teeth. E. J. Lawless, Jr., in charge of the poultry and egg division, Bureau of Markets, Pennsylvania Department of Agriculture, declares.

Relatively few Easter dinners are likely to feature chicken, he added, for the poultry meat scarcity will continue.

As for eggs, there will not be a super-abundance such as that which was available last spring. There are about 1,600,000 fewer laying hens and pullets on Pennsylvania farms this year than last. Farmers have reduced their flocks in line with demands for eggs so there will be no chance of duplication.

ing the 1944 oversupply, Lawless explained.

However, he was of the opinion that there might be an increased demand for eggs after Easter as housewives, hotels and restaurants, faced with shorter supplies of meats, begin to use more eggs as substitute.

The egg situation is the bright spot in the 1944 general food supply picture, even though the planned national production goal is approximately 10 per cent less than last year, the Department man asserted. Pennsylvania farm flocks in 1944 produced 2,800,000,000 eggs, an all-time record.

Quality of Pennsylvania eggs for the Easter trade is slightly superior to that of last year, according to Lawless. Prices next week will be the same as this week, OPA

## HOLD THE BAG

VANPORT CITY, Ore.—(INS)—This war-worker housing project, one of America's largest, "took a beating" on an unpaid rent bill of \$2,154.65. Household goods left behind by 53 rent-skipping Vanport families were recently sold at auction—mostly old, worn clothing and broken-down utensils. The effort netted only \$300 and it took half of that to publish legal notices of the sale.

## WAKE UP YOUR DIGESTION BELOW THE BELT Without Stomach Relievers

To Get Happy Relief from Gassy, Bloating, Tight-around-the-Waist Misery You May Need This Kind of Laxative Help

When most food leaves the stomach, it is by no means fully digested. It is in the 24 feet, or more, of intestines, that the greater part of digestion is done. Among the vital digestive juices that work in the intestines, the liver bile is one of the most important—especially vital to the digestion of fats. Unless the liver bile flows sufficiently, digestion of fats slows down. Food decays in bowels. You may get constipated and feel full of gassy, bloated, indigestion misery. That's when you need Beecham's Pills. They help get the bile juice flowing freely, which helps you digest and eliminate in Nature's happy way. Ask your druggist for gentle, all-vegetable Beecham's Pills today. Caution: Use only as directed. 25c.

## How Sober Hoskins Got His Name

Everybody kids Sober Hoskins about his name. Of course, they allow that it's appropriate. Sober never drinks anything stronger than a glass of beer. And a harder worker in the fields there never was.

"Shucks," says Sober's dad. "We named Sober 'Sober' just because he looked that way when he was born. Like we called his sister 'Gay,' and his other sister 'Prissy.' And it's had its effect on all of 'em," he adds with spirit. (Prissy is the old maid in the Hoskins family.)

From where I sit, there may be something in what Sober's dad says. Naming children after virtues is a fine old American custom. Look at the names of our pioneers and pilgrims: Faith, Pious, Charity, Hope, Ernest.

Maybe we should use such names more often. And one I'd like to add is "Tolerance." If we all had Tolerance for a middle name, and lived up to it, we'd have a better, happier world.
